

Network+ Certification

Improve IT competence and increase customer satisfaction

Network+ certification demonstrates technical abilities in networking administration and support, and validates the knowledge of media and topologies, protocols and standards, network implementation, and network support. If your IT professionals have at least nine months of network administration and support experience, Network+ Certification is ideal for them.

What is Network+ Certification?

Network+ certification is the industry-wide standard for measuring benchmark level, vendor-neutral networking skills. Enormous resources are contributed to assure the accuracy, validity and reliability of the Network+ examination. The objective is to provide and maintain a test that serves to elevate the number and competence of the networking professional workforce, as well as eliminate redundant training and reduce the costs associated with training.

Employers are Demanding Network+ Certification

- **Higher profits** – Organizations benefit from improved employee productivity, competence and the confidence needed to quickly solve networking problems
- **Customer satisfaction** – Customer expectations are met due to the higher competence level of certified employees
- **Lower training costs** – Certified employees need less training and are more qualified.
- **Vendor-neutral networking competencies** – Network+ competencies can be applied to various networking systems

The Importance of Certification

Professional Certification provides you with the knowledge, skills and hands-on experience required to successfully apply advanced technology and business practices in your job and increase your productivity and competitiveness.

New Horizons Integrated Learning® Combines Multiple Learning Methods for More Effective Results

New Horizons will bring immediate value to your organization through our Integrated Learning approach, which encompasses more than just "taking a class." It's a complete method of training, reinforcing, supporting and validating learning through flexible delivery options including Classroom Learning, Online LIVE Learning, Online ANYTIME Learning, and Mentored Learning.

Our learning solution has the ability to assess the skills of individuals before and after class and provides post-class resources to increase knowledge retention, thereby offering a better return on your investment of time and money. Students have access to electronic courseware and Online ANYTIME tutorials, vLabs featuring hands-on experience with real equipment, practice exams, our online interactive technical reference library and more. And, don't forget, courses may be retaken for up to six months from the original class date, absolutely free.

Learn from the Leader

With over 20 years experience, more than 250 training centers in over 50 countries and over 2,200 instructors, New Horizons is the world leader in computer training.
